

## Project Profile

### The City University of Hong Kong | Hong Kong

Client	University of Hong Kong
Client Sector	Education
Project Value	
Gross Floor Area	
Architect	
Services Provided	Quantity Surveying

#### Overview

Conceived in the early 1980s as the City Polytechnic of Hong Kong (former name of City University of Hong Kong), the focus of the curriculum and the space requirements have shifted dramatically. Demand for a better environment, usually with 24-hour environment control, is on the increase.

#### Our role

Rider Levett Bucknall is involved in the campus, senior staff quarters and students hostels.
