

Project Profile

Central Newcastle Station Interchange | Newcastle, NSW

| | |
|--------------------------|---|
| Client | Rust PPK |
| Client Sector | Infrastructure |
| Project Cost | \$5,000,000 |
| Services Provided | Master concept design estimate for two concept options, as described above. |
| Architect | EJE Architecture |

Overview

The preparation of a master concept design estimate for each of two concept options as part of a consortium proposal for the provision of altered and additional transportation interchange facilities to Newcastle Train Station. The proposals included bus platforms and road systems, car parking, landscaping, new rail platform shelters, extended rail platforms, new building structures and a coffee shop.
