

Project Profile

Executive Office Plaza & Heritage Center | Olympia, Washington

Client	SRG Partnership Inc
Project Value	\$250m
Services Provided	Cost Management, Life Cycle Costing
Project Size	800,000 sq ft
Owner	State of Washington

Overview

The new Executive Office Plaza and Heritage Center is in the predesign stages as a replacement for the existing aged facilities located near the Washington State Capitol building. The project comprises a heritage center, a parking structure, and two high-performance office buildings connected by an elevated glass-enclosed walkway which extends through the center of both structures and doubles as an atrium. The structures are expected to earn LEED™ Silver certification from the U.S. Green Building Council.
