Rider Levett Bucknall was re-appointed to the Heritage Lottery Fund's Register of Professional Advisors in 2004, extending our employment for Heritage Lottery Fund from 1998. We have now worked on over 150 projects including the Restoration of Parkland at Clifton Park, Rotherham.

The project encompasses the redevelopment of the Park adjacent to the fully restored Museum including the redevelopment of two new Pavilions.

The project is one of the first Parkland projects to be jointly funded by The Big Lottery and the Heritage Lottery Fund. The Heritage Lottery Fund have appointed Rider Levett Bucknall to carry out professional advisory roles through to completion of the development in 2010 and our continuing role is to advise the Heritage Lottery Fund on matters of Project Management, Financial Management and Risk Management.
